VOL. I.

LOS ANGELES, CALIFORNIA, THURSDAY MORNING, MAY 4, 1882.

NO. 130.

## AFTERNOON DISPATCHES.

Diversity of Opinion as to the President's Action.

Parnell, Dillon and O'Kelly Released—Mexicans let away with the Indians—Two Stages Robbed.

Associated Press Dispatches.

### An Editor Killed.

DOVER, N. H., May 3.—The dead body of Judge Varney was found under the walls of the burned church last night. He was the editor of the *Dover Inquirer*, a weekly journal, and the *Daily Republic*.

### Encouraging Crop Prospects.

CHICAGO, Ill., May 3.—Crop reports from Nebraska, Minnesota, Dakota, Wisconsin, Illinois, Kansas and other States are very encouraging.

### Engine House Burned.

NEWARK, N. J., May 3.—The steam fire engine house and contents were burned. Loss, \$25,000.

### Excited Indians.

LARAMIE CITY, Wyo., May 3.—Acting under recent orders the troops at Fort Washack have been compelled to leave the post, and there being no provision made for their defense, the women and children at the post are now fearing a general massacre at any moment by Indians. Civilians are arming themselves to protect the post, but it is feared they will not be able to withstand the party's chances on the killing of Captain Jack.

### The Prohibitionists.

RALEIGH, N. C., May 3.—Prohibitionists will meet here in a mass convention on June 7th.

### Horace Maynard Dead.

KNOXVILLE, Tenn., May 3.—Hon. Horace Maynard, ex Postmaster-General, dropped dead of heart disease this morning upon getting out of bed.

### A Trunk Line.

TAYLOR, Tex., May 3.—At 6 o'clock last evening connection was made at this point between the extension of the Missouri, Kansas and Texas railway from Fort Worth and the International and Great Northern railway extending to Laredo, on the Rio Grande. Through trains will be put upon this route and it will be made a trunk line between St. Louis and the border of Mexico.

### WASHINGTON NEWS.

Opinions are divided on the question of Arthur's Actions.

CHICAGO, May 3.—The *Journal's* Washington special says: Some of the strongest opponents of the Chinese bill say they believe the President will veto it; but it is generally believed he will concede something, rather than endanger the party's chances on the Pacific coast by further delay.

### Arthur's Reception.

WASHINGTON, May 3.—President Arthur's first general card reception took place to-night. The crowd was great. ROBERTSON TO BE SUCCEDED.

WASHINGTON, May 3.—It is the impression here that Thomas Murphy, of New York City, will succeed Robertson in the Collectorship of that port at no distant day, and Murphy is an applicant for the position.

### The Garfield Monument.

The Garfield Monument Association is getting liberal responses, and will prosecute the work of collecting vigorously.

### Market Report.

SAN FRANCISCO, May 3.—Feed barley, No. 1, higher at \$1.05; extra choice, \$2.05. Rye, No. 1, \$2.15. Bran high.

### Two Stages Taken In.

PHOENIX, A. T., May 3.—The Black Canyon stages, both north and south, were taken in by robbers last night about 10 o'clock, by four men, within two miles of each other. The passengers were all robbed and the treasure boxes broken open. On the south-bound stage the passengers were relieved of guns and jewelry and about \$200 in money. The mails were untouched. Officers are being sent in pursuit.

### After the Bunko Sharps.

PHOENIX, A. T., May 3.—Three bunko sharps and top-and-bottom men were arrested here this morning. The officers are after another. The citizens are determined that, if not convicted, they must leave town, or cottonwood trees will bear the same fruit as in 1879.

### Improbable Indian Story.

SANTA FE, May 3.—The following dispatch was received here at midnight: A column of Mexican troops to drive under command of Col. Garcia, met the Indians that Col. Forsyth is in pursuit of and killed 78 of them; also taking 33 prisoners. The courier bringing this information to Deming arrived on foot. He was pushed so hard by Indians that he had to abandon his horse, barely escaping with his life. He reports about one hundred Indians between Deming and Tres Juntas.

### FROM OVER THE SEA.

Parnell, Dillon and O'Kelly Released from Jail.

DUBLIN, May 3.—Parnell, Dillon and O'Kelly were released from Kilmainham jail at 11 p. m. to-day. After their release they drove up on the outskirts of the city to Harcourt station, when they took the train for Avondale, the residence of Parnell, where they will remain two days, and will arrive in London on Friday.

### PARNELL GETS THE BEST OF IT.

LONDON, May 3.—There is little room to doubt that Parnell's liberation is the direct result of negotiations between himself and the government, and that he got the best of the treaty. The statement was made in several papers that some gentleman had visited Kilmainham and interviewed Parnell twice in one day. A question was asked in the House about the matter. It now appears that Capt. O'Shea was the

person who made the visit, and did so as Ambassador of the Government. The result is seen in the terms of peace. The truce includes a complete change of policy, namely, Lord Cowper shunted the "strong man of experience," Forster becomes what Parnell called him on one occasion in the lobby, "a spiked cannon," the release of all suspects not charged with actual crime; the lapsing of the Coercion Act in September; the taking of Irish members into consultation in the government of Ireland; and a measure to improve the Land Act. Gladstone's statement that a measure might be proposed to deal with secret societies is looked upon as a kind of saving clause for the sake of appearances.

Great Rejoicing in Ireland.

DUBLIN, May 3.—There was great excitement on the news being received of the resignation of Forster. Crowds gathered on the streets and cheered for Parnell and groaned for Forster. Bands paraded the city playing national airs. The news to the Land Leaguers was quickly translated through the country, and soon fires were blazing on Wicklow Hill. There was spontaneous rejoicing everywhere.

Army Officer Dead.

PARIS, May 3.—Capt. George L. Browning, of the Seventh U. S. Infantry, died yesterday.

The Chester Cup.

LONDON, May 3.—Bred Homme won the Chester Cup; Pilgrim, second; Retreat, third.

Death of Gabriel Ravel.

TOULOUSE, France, May 2.—Gabriel Ravel, the famous pianist of the last generation, died here, aged 72.

A REMEDY FOR FLIES.

The fly season is near at hand, and as those pests are quite numerous in this city, as well as all other places in California, the following remedy will be found useful to get rid of them: Take half a spoonful of black pepper in powder, and one teaspoonful of cream. Mix them well together, and place them in a room on a plate where the flies are troublesome, and they will soon disappear.

EXERCISE.

Exercise is a necessity; it prolongs life and greatly improves living; it better fits us for our duties; without it, we do not more than half live. He only who exercises sufficiently can know the joy of good health, good appetite, good digestion, refreshing sleep. It causes the blood to circulate quickly and freely, and will drive away the blues. It increases respiration, thus bringing a larger quantity of elastic life, oxygen, to purify and vitalize the blood. It rounds and hardens the muscles and educates them into every-day, faithful and efficient servants of the will. It limbers the joints and strengthens every part of the body. It invigorates the mind and renders it active and efficient in all its operations.

Not That Kind of a Doctor Shop.

Old Bill McGammon, who keeps a grocery store in the suburbs of Austin, is one of the closest men in the State of Texas, and abbreviates the names on the drawers and boxes of the contents, in his grocery, instead of painting the names in full. For instance, he painted on the sugar barrel "Br Sugar," for brown sugar, and so on.

Last Tuesday, a feeble-looking stranger dropped into Bill McGammon's store and after looking around asked: "Is Doctor Prunes in?"

"Is Doctor Prunes in, then?" asked the stranger.

"No, he is not," said Old McGammon emphatically.

"Then tell Doctor Cherries I would like to see him, if he is at leisure."

"You got out of here. I believe you have escaped from the Lunatic Asylum. This ain't no Medicine College; this is a grocery," retorted Old McGammon getting red in the face.

"If this is a grocery, then you had better carry back them doctor's signs to where you stole them from," responded the stranger strolling out.

Old McGammon looked where the stranger had pointed, and for the first time noticed the result of his abbreviation the word "Dr." into "D." for on the drawers he read, in large letters: Dr. Prunes, Dr. Peaches, Dr. Codfish, Dr. Cherries, Dr. Peas, Dr. Apples. Dr. Beef—*Teas Siftings*.

"Is Doctor Codfish in, then?" asked the stranger.

"No, he is not," said Old McGammon emphatically.

"Then tell Doctor Cherries I would like to see him, if he is at leisure."

## DEMOCRATIC NOMINEE.

One wing of the Democracy has wrung from Gen. Stoneman a confession that he is in the hands of the Democratic party, and its candidate for Governor if the party so elect. And he has been called out on the Chinese question, and denies having employed Mongolians, in Los Angeles or elsewhere. [Some of our friends say that to make good the assertion of the General on the Chinese question, it must be understood that his amiable and accomplished lady employs the force necessary to run the family mansion.] We must acknowledge there is a boom of no inconsiderable force in favor of the General's nomination, but how the other wing will take it remains to be seen. It is a long way yet to the nominating day, and longer to the election, and ere either day arrives, there is to be many an interview, and many a state smashed. The organ of the wire-pullers of the party has publicly given the General the cold shoulder, and we are of the opinion it will take sturdy work to bring our stalwart friend up to the support of Stoneman. Other Democrats whom we have interviewed are either reticent or non-committal. Whatever the ultimate result, it is evident there is enough opposition to the proposed nomination to render a doubt of its being made a possibility. The "sober second thought" may suggest that it is not advisable to put a gentleman in the field who will commence the campaign antagonized by the most powerful influence in the way of the "sneers of war" there is in the State. Such a thought is in the minds and on the tongues of many Democrats. How they will vote when the day for the nomination arrives, is what we await with interest to see.

## DEMOCRATIC PROSPECTS.

We never read a Democratic whoop-up over the prospects of the party during the coming campaign without speculating upon the status of that institution before the public, and casting a glance backward to its history. And when we do so it seems to us like unblushing effrontery in any organ or wire-puller to ask a man to lift a finger to elevate to place or power any man who is allied to the party that so nearly ruined the hopes of the oppressed of the world by its alliance with the men who attempted to wipe out the United States from the map of nations. And although nearly two decades have passed since the close of the war, the burden of it is still upon us, and we cannot turn in any direction but we meet a rebellion thereof. Every time we draw a check upon our bank account, depleted by the rebellion, we must put up two cents for it; every indulgence in a glass of stimulants draws upon our resources to pay for the powder and lead that saved the country; every bottle of syrup that soothes the baby, and the match you strike to see what is the matter with it, reminds us that Democracy has been an expensive luxury as well as a poor one; in fine everything that bears a tax cries aloud against anything that smells like sounds like, or looks like a Democrat, and the party will go to the wall for another decade.

## OUR CONGRESSMAN.

The suggestion of our correspondents, nominating our worthy fellow-citizen, J. E. Hollenbeck, Esq., for Congress, we are pleased to observe has been well received by very many of our Republican friends. We hope the gentleman will give the matter a favorable consideration before the meeting of the primaries, and we could then go into the convention understandingly and unitedly. Mr. Hollenbeck would call to his support every conservative man in the District, and could undoubtedly carry the election. We should be pleased to hear from others of our friends on this interesting subject.

## THE WILMINGTON HARBOR BILL.

We learn from a gentleman who has just received a letter from a reliable source in Washington that the bill now pending creating Wilmington a port of entry is not likely to pass this session, owing to the number of bills of like character now pending before Congress. This is very much to be regretted, and we hope that our delegation will redouble their efforts to bring the bill to a final passage. It is nothing more than simple justice to this section, and one that is of great benefit to the whole State.

## COMPTON BOYCOTTING.

Mr. Thomas McKee, of Compton, informs us that that place is taking measures to undo the evils which Mongolian cheap labor has done them. On Friday evening of last week the citizens held a meeting to consider the matter of systematically boycotting the Chinese and ridding their community of them. There, as elsewhere, they have obtained a monopoly of the vegetable business, and the people have allowed themselves to fall into the habit of purchasing their supplies of the Chinamen instead of producing them themselves. And the principal cause of this has been the fact that so completely have the Chinamen monopolized the business, that in years past those who raised vegetables, potatoes, etc., were not able to dispose of them at remunerative figures, and dropped them from the list of their productions, with the result as seen during the winter just passed that with a large export trade growing up the supply, particularly of potatoes, was not equal to the demand and the price has been forced up to an extraordinary figure, and the Chinamen and the few who had raised them realized handsomely. This, in connection with the revelation made in the TIMES recently, has had the effect to stimulate the people to action, and the meeting of last Friday was held, which after canvassing the matter, appointed a committee of investigation to ascertain the number of Chinese in the State, and the amount of money they send out of the State to China and such other statistics as might be at hand, and report at a called meeting next Friday evening. The census of 1881 gives the Chinese population of California, as 75,025, which has perhaps been increased some thousands since. B. F. Butler, after making an investigation of Chinese matters, estimated that they were sending \$1.50 per head per day, or about \$400,000,000 per year out of the State. Mr. Butler is too steep. They will not average so much as that by considerable, but this much is sure—what they earn they send out of the country, be it \$1.30 or but one-half of that amount. The Compton folks have adopted the only practicable method. They have given the Chinamen notice that they will not patronize them after a certain date and that the Mongolians shall make their arrangements to remove to a more congenial clime on the arrival of that date. They will use no violence whatever—simply let them severely alone.

## LAST NIGHT'S DISPATCHES

The Soldier's Home at Washington is Mismanned.

Another Overland Railway—Episcopal Annual Convention—Anti-Slavery Men in Council.

Associated Press Dispatches.]

WASHINGTON, May 3.—The Senate Military Committee to-day submitted a report of the investigation of the Soldier's Home at Washington, maintaining the charges of abuses in management, extravagance, etc., and introduced a bill to carry out a reform. The debate in the Senate on the repeal of the statute excluding ex-Confederates from the army took a decided partisan shape. Ingalls said the Southern Senators had, in the last two years extolled Jeff Davis and Lee, Voorhees replied and Hurley took part in the debate.

## IN HONOR.

The Postoffice Department is closed in honor of Horace Maynard, its former Chief.

VOORHEES WANTS TO INVESTIGATE. In the Senate Voorhees offered a resolution creating a committee of investigation to ascertain whether corrupt or improper influence had been brought to bear on any member of the Senate in regard to the bill pending before the Senate Finance Committee, to amend the laws regarding distilled spirits in special bonded warehouses; also to inquire if any attempt had been made to bring any such improper or corrupt influences to bear on any member of the Senate to secure the passage or defeat of the bill, the committee to send for persons and papers and report as early as practicable.

## THE INDIAN WAR.

It was the Mexicans, and not Forsythe, that Licked the Indians.

LOUISBURG, N. M., May 3.—Intelligence has just been received here of a desperate fight which took place in Mexico just over the border on the 29th of April between the Mexican troops and the Indians under Loco. It seems Forsythe was pursuing them when they encountered the Mexicans. The Indians lost seventy-eight killed and all their stock, and the entire destruction of Loco's band. The Mexican loss was twenty-three killed and forty wounded. Thirty-three Indians were taken prisoners. This information is from a reliable source, and if it is confirmed may be regarded as the death blow to the present Indian outbreak, which has resulted so disastrously to Arizona and New Mexico. A careful summary shows a total of

ONE HUNDRED AND FORTY-ONE Whites and Mexicans killed by the Indians during the past two weeks, five hundred head of stock killed and captured and the destruction of over seventy-five thousand dollars' worth of property. The loss to the Territories by retarding the development of their immense mineral resources and the almost suspension of all business in other lines is beyond calculation. It is quite suggestive, to say the least, that our own troops can never succeed in putting the quietus upon any of the Indian outbreaks without the aid of the Mexican forces. One hundred and twenty-five head of stock recaptured recently from the Indians by Captain Tupper, south of Cloverdale, have arrived at Bowie and will be returned to the right owners on proper identification. Four companies of the First Infantry will arrive here to-night from Texas. Two companies of infantry are now stationed here.

## All Quiet at Tombstone.

TOMBSTONE, May 3.—The Indian excitement is completely quieted. Capt. Harris, of the First Cavalry, and command, reached here to-day from Helm's ranch. There were no Indians in the vicinity. All reports to the contrary were imagination. Capt. Harris thinks all the hostiles have escaped to Mexico. No hostiles in Dragon mountain or anywhere else, within fifty miles of Tombstone.

## FROM THE BAY.

The Episcopal Annual Convention in Session. SAN FRANCISCO, May 1.—The annual Convention of the Episcopal Church, opened to-day at Trinity Church. About thirty-five of the clergy are in attendance. Dr. Boers preached the Convention sermon, after which the sacrament was administered. Standing Committees were appointed and Credentials examined. A missionary meeting this evening.

## A LATER DISPATCH.

The annual Missionary meeting connected with the Episcopal convocation was held this evening at Trinity Church. The Sunday Schools connected with the various Episcopal Churches of the city were in attendance. The services consisted of musical exercises, interspersed with addresses by several ministers.

## Road Agents at Work.

PRESBOTT, A. T., May 3.—The stage which left here yesterday, and the one which arrived here to-day, were both stopped by four robbers near Bumble Bee station, on the Black Canyon route, about forty-five miles from Prescott. The mail was not molested. The express boxes were broken open and the passengers held up for their money and valuables. The outgoing stage contained five passengers, the incoming stage none. The robbers took the lead horses from both stages. Particularly as yet are very meagre.

## Anti-Slavery.

SACRAMENTO, May 3.—The anti-Slavery Convention called by the Board of Supervisors of Sacramento county convened to-day. A committee on organization and resolutions was appointed. Wm. Johnston, ex-Senator of Sacramento county, and member of the State Board of Equalization, was elected President. President Johnston spoke, reciting the evils to the valleys from hydraulic mines that failed to improve the sickens. A number of gentlemen present spoke on the question, and a general interchange of views was had. Adjourned till evening.

## Another Transcontinental Railway.

New York, May 3.—The Atlantic and Pacific Inter-Ocean Railway Company was organized to-day, with Nathaniel P. Banks as President. It is claimed by the company that the time by this route from New York to San Francisco can be made in five days.

## Hired to Murder a Man.

SHASTA, Cal., May 3.—An Indian named Pike was brought to Shasta this evening and committed to jail on a charge of murdering James H. Hays at Dog Creek. Hays was found dead in his cabin with a gunshot wound in his head. The Indian confesses the crime, and says he was hired to kill Hays by Robert Pitt, a merchant of Dog Creek.

## A Shooting Affair.

HOLLISTER, Cal., May 3.—Albert Snibley, a young man twenty years old, came in to-day and surrendered himself for killing Peter Scott, a Frenchman, in the morning near Quien Sabe ranch, about twenty miles east of here. Snibley's father and the Frenchman had been having some trouble over the stock range in Quien Sabe valley, which according to Snibley's story, culminated in the Frenchman shooting at him with a shotgun this morning. The gun was turned aside by George McKnight, Snibley's companion. Snibley then fired in return and inflicted a fatal wound on Scott.

## BOYCOTTING THE CHINESE.

Vegetables Grown by White Labor in Demand.

Some very sensible articles have recently been written by the California press with reference to the necessity of ostracizing the Chinese in every department of business monopolized by them. This can be done effectually, provided the people are furnished with what they require through other channels. Partial relief has been afforded in washing by the new white labor laundries recently started in this city, but in vegetables there is no alternative but that of living without them if the Chinamen are boycotted in this branch of business.

A Times reporter interviewed a number of citizens on the subject yesterday and ascertained that the feeling of repugnance toward the Chinese laundrymen and vegetable peddlers is extremely deep seated in the community, and a large proportion would welcome the establishment of "market gardens" operated by white labor, and would willingly pay double the existing rates for vegetables therefrom.

The Times would suggest that farmers and orchardists within a few miles of town engage in market gardening on a large scale and that a few enterprising grocers add a green grocery department to their business, engaging a certain quantity of vegetables per week from the market gardeners. The public would thus soon become accustomed to the new order of things and the poor wretched peddlers now indicted on the community would be substituted with new and choice varieties scientifically raised by intelligent white labor.
